# Contract Let For Street Pavement

TO SOUTHERN PAVING CONSTRUCTION CO OF CHATTANOOGA

STREETS THAT ARE TO BE IMPROVED

Brick Will be Used on Main Street From Roberts to Norris Streets.

The contract for street paving to be done in Anderson with money realized from the recent bond issue was let to the Southern Paving Construction company, of Chattanooga, Tenn., by the paving commission at a meeting held yesterday morning. Following the letting of the contract the commission designated the streets to be paved and the type of material to be used on each, the schedule being as follows:

Main street, from Roberts to Norris, with vitrified brick.

All other streets with sheet asphalt, which the roadways are: West Whitner street, from crossing of C. & W. C. railroad to Monroe street.

West Market street, from Main street to Maxwell avenue.

River street, from Main street to Coughlin avenue.

South McDuffie street, from Benson to Hampton streets.

North McDuffie street, from East Whitner to Greenville streets.

Calhoun street, from North Main to Evans streets.

Church street, Peoples to Manning streets.

Greenville street, Main street to Boulevard.

Paving is to be carried to the farther side of all cross streets marking the end of the paving work on any particular roadway.

### Commission Gratified.

The prices at which the commission closed the contract for the sheet asphalt are said to be the lowest for which paving of this kind has ever been done in the South. The quality of sheet asphalt is of a superior grade, and better than that which has been put down in Greenville, Spartanburg, or any other town or city of the upper part of the State. Anderson, therefore, will have the best quality of paving of any city in the Piedmont section of the State.

### Begin Work Early.

The contractors will have work under way here within 15 days. They are now finishing up a large contract in Baltimore and will move their plant from that city direct to Anderson.

The commission has plans for getting the very best results in every way. For instance, in purchasing the brick for the pavement on Main street they will have an inspector who will pass on the brick before they are loaded at the plant from which they are purchased. This inspector will then seal up each car for shipment to Anderson. Should one of these seals be broken when a car of brick arrives here, the commission will refuse to receive it. In this manner the commission will assure itself that the best quality of brick are being secured.

Experts will pass on the quality of the sheet asphalt pavement also. The commission will have an inspector constantly at the plant where the asphalt is cooked, to see that it is properly prepared and that the city is getting the quality of material called for in the contract.

### A Big Saving.

The manner in which the paving commission has handled the letting of the contract means a big saving to the city. It is conservatively estimated that the commission has asked for the city fully \$25,000. This was done by the manner in which the bids were handled and the terms on which the contract was made.

### Paving Yardage.

There will be approximately 28,000 square yards of the vitrified brick paving, this being laid on North Main street between Earle and Roberts streets and on South Main street between Church and Norris streets. The yardage on the streets to be paved with sheet asphalt amounts to approximately 64,500 square yards. This is to cost approximately \$145,000. The vitrified brick paving is to cost \$1.95 per square yard, including grading. The sheet asphalt paving is to cost \$1.42 per square yard, including grading.

### Letting of Contract.

The paving commission met at noon Tuesday and opened bids for the paving. It was necessary for the commission to recess after an hour's session in order that the bids might be compiled and put in shape for consideration. At 3:30 o'clock that afternoon the commission met again and went through the bids, rejecting all but those offered by three firms.

A third session of the commission was called yesterday morning at 9 o'clock for the purpose of arriving at a final decision in the matter of letting the contract. This session, as stated, already, resulted in the contract being let to the Southern Paving Construction company.

The specifications for the street paving work provided for a close binder in the sheet asphalt paving. It was stated that engineers over the country are divided as to preference for open and closed binders, and the three lowest bidders were asked by the commission if any changes would be made in the prices submitted by them if the commission should determine on open binder rather than close binder. Each of the three con-

tractors declared that the change would cause a reduction in the price, and each of them stated what reduction they were willing to allow.

The binder is the cushion made from stone and asphalt which lays on top of the concrete base and binds the base to the asphalt surface. A close binder is made by using small stone and asphalt, the small stone decreasing the number of voids in the binder. An open binder is made by using larger stones and asphalt, the larger stones increasing the number of voids. Engineers are divided about equally as to which is the better.

With the understanding that an open binder will be used by the commission the bids of the Southern Paving Construction company, accepted by the commission, are as follows, the figures denoting the place per square yard:

Brick, including grading, \$1.95.  
Brick, not including grading, \$1.85.  
Sheet asphalt, No. 1, including grading, \$1.47.  
Sheet asphalt, No. 1, not including grading, \$1.37.  
Sheet asphalt, No. 2, including grading, \$1.42.  
Sheet asphalt, No. 2, not including grading, \$1.32.  
Bituminous concrete, including grading, \$1.25.  
Bituminous concrete, not including grading, \$1.16.

Brick laid on two inch sand cushion with cement grout filler, \$1.55.  
Single course six-inch concrete, guaranteed one year, \$1.25.

As stated, the commission accepted the bid on vitrified brick paving at \$1.95, including grading. This paving will be laid on a four inch concrete foundation. The fact that the commission accepted the bid designated above as No. 2 does not mean that this is a second class of paving. The expression "No. 2" is simply used to designate the different bids, and is in

no way an index to the quality of the paving.

The Southern Paving Construction company of Chattanooga put down the first paving in the city of Anderson. This contract was for the paving on the square and leading out on North Main and South Main streets. That was 13 years ago, Mr. T. H. Lasley, president of the company, who visited Anderson while this paving was being laid, came to Anderson to attend the letting. His representative, Mr. H. H. Mertz, came to Anderson several days ago. In fact, he has been coming to Anderson to compile figures for their bids for two or three weeks.

The commission will not sign the contract with the Southern Paving Construction company until they have the money from the bond sale in hand. It is expected that this money will be received here on the next few days, when the contract will be signed.

The contractors expect to complete the work here within six months. They will bring skilled labor to Anderson only. The unskilled labor will be employed locally. It is estimated that employment can be given fully 175 local people, these figures not including teamsters, draymen, etc. Local concerns will be engaged for the hauling and dray work.

### MARRIED IN ATLANTA

Anderson Couple Married There on Sunday.

The many friends of Miss Lily Duncworth will be surprised to hear of her marriage to Mr. C. H. Harper. They were married at the hospital in Atlanta, May 9th. They are now at their home in Zebulon, where Mr. Harper is one of the leading business men.

**Our "JITNEY" Offer—This and 5c. DON'T MISS THIS.** Cut out this slip, enclose with 5c to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup; Foley Kidney Pills, for pains and back rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic. Stout people enjoy them. Evans Pharmacy.

# Great Sale of White Beauty Hoosier Cabinets Ends Saturday

THEN  
\$1.00  
WEEKLY

## NEARLY ALL ARE SOLD---END MAY BE TOMORROW

The great sale of "WHITE BEAUTY" Hoosier Cabinets will end Saturday at the latest, perhaps tomorrow. If each of the 1000 towns where the Hoosier company has permitted this sale does as well as we have here, there will be no trouble about the quick doubling of "White Beauty" Sales. There is every indication that the limited number allotted us for this sale will not last till Saturday night. We can obtain no more to sell at the present terms. Most likely you will see these cabinets in the homes of some of your nearest and dearest friends. Why wait until then and regret that you missed the opportunity that is offered to you as freely as to them?

Tomorrow Pay Only \$1.00—Try the "White Beauty" in Your Own Kitchen

This is the chance of a lifetime to secure a real Hoosier Cabinet on terms of only \$1.00 down and \$1.00 weekly. The Hoosier Club plan of payment has proved amazingly popular with the foremost women in this community. Some of them tell us it is the same way that they have bought fine editions of rare books. Yet it costs you nothing extra to enroll in the Hoosier Club if you come tomorrow. No interest. No fees of any kind.

### Does This For You

Think of sitting down at work; of saving miles of steps. You can't measure benefits like these. But the Hoosier also gives you hours of freedom for other things; saves strength and leaves you fresh when evening comes.

For 49 labor-saving Hoosier features quicken your work. Handy places for more than 400 articles put everything at your finger's ends. Women call it the "Automatic Servant." And you will praise it like them sooner or later.

### What Experts Think

Final proof of the Hoosier's supremacy comes from them. Mrs. Christine Frederick, Household Editor of the Ladies Home Journal, has used the Hoosier 3 years in her Experiment Kitchen. Mrs. Harriet L. B. Jarling of Simmons College, Boston, considers the Hoosier the first essential of kitchen work. The

Philadelphia Public Schools use the Hoosier. Many universities, too, use Hoosiers in teaching Domestic Science.

### Exclusive Features

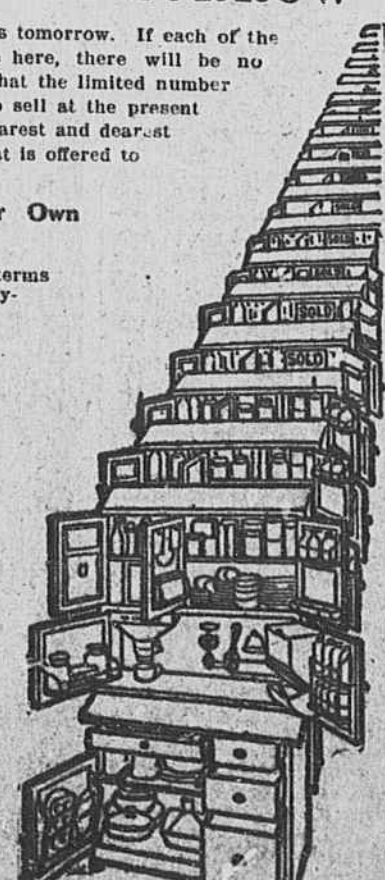

See the wonderful shaker flour sifter; the Hoosier accounting system; the cook-book holder; the food guide; the want list; the pencil holder; the money tray; the emergency shelf; and dozens of other labor-saving devices. 17 of which are entirely new.

### Decide NOW!

Saturday May Be Too Late

Other women are making up their minds tonight to come tomorrow and select a Hoosier Cabinet while they can take advantage of this offer. It won't take five minutes to decide when you see it.

Come early—for when this lot is gone you cannot get another "White Beauty" on these terms.

# Peoples New Furniture Co.

TO THE PUBLIC: We authorize this limited sale of Hoosier Cabinets this week only for \$1 down, \$1 weekly—at the fixed cash price.

THE HOOSIER MFG. CO., New Castle, Ind.
